OUR DAILY.—Those wishing to secure copies of our daily paper can do so at Merrillfield's and Baker's bookstores, as well as of carriers, and at the office. Copies of our weekly paper may also be had at these places.

SHORT SIGHTED.—The idea that patrons of the daily and weekly Transcript do not travel by ferry sometimes, and wish to know concerning times, prices, etc. Perhaps, however, the whole thing is merely an experiment.

KINGMAN STREET.—H. B. Smith, of Milton, A. G. Soule, of Fairfield, and Dr. Reynolds, of Alburgh, commissioners appointed by the County Court, to-day made a survey of Kingman Street, and have ordered it to be opened four rods wide. These gentlemen have settled the question of damage to the Seymour estate, placing it at \$3,500. It will be remembered that the corporation placed the damage at \$1,500.

We have received a communication signed "a merchant," which we will publish on receiving the name of the writer. We have frequently announced that we do not make use of communications unless the name of the writer accompanies them for our own information. This rule is as necessary as it is usual with publishers.

MR. E. PORTER BRAINERD, we notice by the Montpelier Journal, is Grand Worthy Recorder of the order of Tempers of Honor and Temperance in Vermont. A. D. Welch, of Montpelier, is Grand Worthy Templar.

THE WELDEN SPRING.—A gentleman who thought that the weather gave sufficient excuse to him to sit still and "observe the signs of the times," quietly lit his pipe and counted the number of people who visited the Welden Spring a few days since. For the day of his self-imposed watch he counted over four hundred visitors. He put that in his pipe and smoked it, and came to the conclusion that the spring was popular as well as useful.

ESSEX ACADEMY.—Attention is called to the advertisement of Essex Academy, in another column. Mr. Asa Sanderson, the Principal of the Academy, is endeavoring to make an excellent school. Mr. Oscar Atwood, a graduate of the University of Vermont, has charge of the classical department.

WINOOSKI.—A few days since we had occasion to stop at the Stevens House, Winooski, J. L. Nesmith, Proprietor, formerly of the American House, Hyde Park. We were kindly shown over the premises by the very agreeable, and gentlemanly landlord, and can say that for comfort, capacity and style, it is second to no hotel in the State. The rooms are well furnished and large. Its water arrangements are truly the best that we have seen in any hotel for some time. Our worthy host, Nesmith, is entitled to a good share of patronage, and Winooski should be proud of such a fine edifice. We noticed many other fine buildings that have been erected since our last visit there, and others in progress.

ESSEX COUNTY.—The county convention for Essex County, called by the Democratic County committee, met at Guildhall, July 8, and made the following nominations for county officers: Senator.—Franklin Bell, of Lunenburg. Assistant Judges.—A. F. Woodman, Brighton, and T. Holbrook, Jr., Lemington. Judge of Probate.—G. F. French, Lunenburg. State's Attorney.—Henry Heywood, Guildhall. Sheriff.—Samuel P. Kneeland, Victory. High Bailiff.—L. Hall, Maidstone.

NEW SALOON.—Messrs. Harvey & Davis have opened, within a few days, a new saloon in the basement of Driscoll's block, Lake Street, and have fitted it up in good style. Their rooms are cool and comfortable, and will be stocked with such genuine beverages as are always kept in Vermont, Massachusetts, Maine, New York, and other States of the Union, as well as in the British Provinces. As a recorder of current facts we place the opening of this new, and we believe well-kept establishment, on record. The card of the proprietors will appear in due time.

BUTTER is now shipped to Boston over the Vermont Central, in ice, at a cost of one cent per pound, and is in good condition when it reaches Boston as when it leaves St. Albans on Tuesday afternoon. The railroads have brought a market for butter and cheese to every farmer's door, and owing to the close competition in buying, butter has repeatedly been sold at higher prices in St. Albans, than in Boston or New York of the same date, while as a general thing butter costs the consumer the same, or if anything a trifle more, in Burlington, than it does in Boston.—Free Press.

COMMENCEMENT EXERCISES AT MIDDLEBURY COLLEGE.—The following is a programme of the commencement exercises of Middlebury College, occurring in the second week in August:

Sunday, August 9th.—Baccalaureate Sermon by President Kitchell, at 1 p. m. The preliminary meeting of the Alumni will be held on Tuesday, August 11th, at 9 a. m., at the Lecture Room of the Congregational Church. A registry for the Alumni will there be opened. The Annual Meeting of the Association will be held at the College Chapel, Wednesday, August 12th, at 8 1/2 o'clock, a. m.

Tuesday, August 11th.—Anniversary of the Societies. Address before the Philomathean, by Ralph Waldo Emerson, at 10 1/2 a. m. Prof. Franklin W. Fish, of Chicago, at 1 1/2 p. m. addresses the Philomathean (scholarship) Society. The exercises for the Parkerian prizes, offered for excellence in declamation and oratory, will occupy the evening.

Wednesday, August 12th.—Anniversary of the Associated Alumni. Annual address, by the Rev. Byron Sunderland, D. D., of Washington, D. C., class of 1838.

Poem by M. L. Mead, M. D., class of 1855.

OBITUARY.—It became our duty to record a few days since, the very sudden death, from apoplexy, of Mrs. Mary Moore, wife of J. A. Pierce, manager of the telegraph office in this village, aged 29 years.

Mrs. Pierce was formerly of Huntington, Mass., and had been a resident of St. Albans only about one year, yet sufficiently long to assure us, that in her early death not only have her infant children lost a tender loving mother, her husband his dearest earthly friend, but others a kind, amiable, excellent neighbor. The few short months she has dwelt among us, have been months in which she had drawn many valued friendships around her, and now although they have been so quickly sundered by the hand of death, her place, though but a memory, will long be cherished in fond affection. And to him whose heart was full of sympathy for the afflicted sisters of Bethany, do we commend the sorrowing husband and little ones.

SUGAR.—We clip the following from *Forney's Press*:—"Sugar is now 17 cents per pound, and syrup is \$1.50 per gallon—these are average prices. The population of the United States and Territories is 30,000,000. The supply of sugar for our country, then, must cost for the current year 1868, \$153,000,000; syrup, \$90,000,000—total, \$243,000,000. To make our estimate safe, suppose we allow that about 6,000,000 of our population deny themselves this luxury, saving \$43,000,000—still we have \$200,000,000, as the aggregate at present rates."

And yet with all this enormous consumption and the fact which should be known, if it is not to every person in this country, that all told, we cannot make even four per cent. of the supply necessary for the country if we tap every maple tree, Maple sugar-makers suffer themselves year after year to be inveigled into the belief that 12 1/2 cents is a good price for maplesugar. Maplesugar is worth two cents a pound more than any other as a luxury and will always command it if the makers use but reasonable diligence in making a good article and reasonable good sense in not running it into market at an under price.

The actual loss in this country last season by unwittingly making a poor article and more unwittingly rushing it into market was more than ten thousand dollars over and above the actual cost of making a better article, and the interest of the money lost in holding it. We would not recommend farmers to hold any article of produce when they can sell it at a reasonable price; but to sell a staple article like maple sugar below price is the sheerest nonsense.

GENEROUS.—At the sale of pews, at auction, in the new brick church in Milton, on the 11th of July, Hon. Joseph Clark bought one slip at \$2,122; and offered to pay one quarter towards an organ worth \$2,000. He also gave the society a clock which cost nearly \$300.

APPOINTMENT.—The *Times* of to-day says that H. L. Sampson was appointed on Saturday postmaster for St. Albans. A New York paper says that N. H. Barker has been appointed, and the telegraphic reports of Saturday night announces, one that H. N. Barber has been confirmed postmaster here, and another H. L. Sampson. The announcement of both telegraph and the *Times* is positive. That of the *Times* is latest, however, though based on the telegraph, probably. Which is correct? We venture to guess that H. L. Sampson is the man, and that Judge Barber has retired in his favor. Mr. Sampson, as deputy, has had charge of the office for several years, and as such has given general satisfaction, we believe.

EXCURSION.—We noted on Friday that a party left this place seeking a day's pleasures in the Queen's Dominion. We learn from our venerable contemporary, which was represented by the gentlemanly Mr. Clark, of this place, on the occasion, that the party went to Waterloo, had a "capital time," and came back safe and pleased, convinced of Mr. Hunt's power, and disposition to make a trip on his business car pleasant. "Bully for all, for all."

TICKETS for Mr. Proctor's Grand Floral Concert, on Thursday and Friday evening next, are for sale at Huntington's. It is a good plan to get tickets and select seats early.

ORDER GENTLEMEN.—The Burlington *Free Press* and *Times* are both out against Hon. E. E. Woodbridge for reelection to Congress. We call these gentlemen to order and say *hands off*. The first Congressional District never interfered in the concerns of your district when you had trouble in your happy Republican family two years ago.—*Railroad Courier*.

Mr. Woodbridge himself set the example of "interference" by lending the aid of his speaking countenance and voice to late Hon. Portus Baxter in his celebrated electioneering tour through this District. The *Vermont* published in its columns the paragraphs of that celebrated political parasite "Capt. John T. Drew," and we might go on and multiply the instances of this "outside interference" that is so unpleasant to the *Courier*, but it is not necessary. The truth is that when a Representative in Congress so conducts himself that he lays himself open to such a stinging rebuke as that administered to Mr. Woodbridge by E. B. Washburne during the Donnelly debate every Vermonteer ought to protest against his further continuance in office; it is right and decent that every public press in Vermont shall express the hope that the First District will be represented hereafter by a man with clean hands and a clear head. To advocate the cause of any one of Mr. Woodbridge's worthy competitors above another may be exceeding the bounds of propriety, but to frankly say that "a Mexican Bond jobber" is an unworthy representative of Vermont is something that no honest paper in Vermont ought to be ashamed to declare. A public man must stand or fall by his public character, for it is his own work and he must be judged by it.—*Times*.

MINISTERIAL ASSOCIATION.—The Burlington District Ministerial Association, in common with a similar association of the Poultney District, of the Methodist Church, will be held at Rutland, Aug. 11th, 12th and 13th.

DROWNED WHILE BATHING.—The number of persons reported drowned while bathing during this hot weather is large in Vermont alone. John Rogers was thus drowned in Bolton last week, and in Pawlet three Irish girls, from twelve to fourteen years of age, were drowned while bathing in Pawlet River on the 4th.—*Times*.

General Agent For Vermont.

ST. ALBANS, VT.

At the present time there is much competition among Life Insurance Companies, and many agents are far too regardless of the truth, in statements when soliciting for risks, hence it is all important for persons intending to insure their lives, to insure only with agents whom they know to be reliable, again it is always most satisfactory for parties assured to have their risks with Local Agents, then there is no difficulty or danger of loss in transmitting premiums. Persons intending to insure their lives will find it to their advantage to see the agent of the Guardian Mutual before insuring elsewhere.

## MEXICAN NEWS.

NEW YORK, July 20.

A heavy thunder and rain storm last night cooled the atmosphere. It is clear this morning with prospect of another hot day. There was one case of sunstroke and one case of cholera yesterday. There were 20 deaths in St. Louis on Saturday and Sunday from heat.

It is reported that the importers and traders bank of this city was robbed on the 5th instant of 8,000 dollars, and that the police officials up to the present date profess profound ignorance of it.

NEW YORK, July 20.

The Globe newspaper published in the city of Mexico, asserts that a correspondence has taken place between the Minister of Foreign Relations and the U. S. Legation. A difficulty had arisen between the two departments on account of the expulsion by the Mexican Government of Mr. Napoleon Simon who claimed to be an American citizen.
